Many thanks, Michael!

We are in the process of pulling together the info for you. We hope to have it assembled by the end of the week.

Thanks again for your time and for assembling such a great group on Friday for the discussion. We look forward to continuing the conversation and collaboration.

Best,

Sandy

Subject: Re: Follow-up Briefing

Dear colleagues,

Thank you very much for the time and informative conversation on Friday. We clearly share many of the same concerns regarding closing civic space in northern Central America, and hope we can work together to address them.

By way of follow up as discussed, we would be grateful for the following:

1) A catalogue of the trainings (e.g. on Meta's content moderation standards) that were mentioned/offered during the briefing on Friday; and

2) Point(s) of contact for follow-up on specific issues for the team here in Washington and our Missions in El Salvador, Guatemala, and Honduras.

Thanks again,

Michael

Michael Camilleri

Senior Advisor to the Administrator

E ecutive Director, Northern Triangle Task Force

U S Agency for International Development (USAID)

Copying my colleagues Cara and Emma who have spearheaded the Voices initiative we announced at the Summit. They can help us coordinate schedules and will likely pull in a few Mission colleagues as well.

I hope this finds you well — especially after the very hectic week in LA!

I wanted to follow-up on our discussion to schedule a meeting where we could dive deeper into the Northern Triangle. If possible, we would like to offer Monday, June 27th (perhaps late morning or early afternoon EST) to schedule the briefing. I've cc'd my colleagues who would attend along with Becky Moore to help schedule.

Please let us know if you have any availability to meet and know we look forward to continuing our conversation.

Many thanks & best for a great weekend!

Sandy
